

Financial Arrangements

If you have dental coverage please remember to bring your insurance card. As a courtesy to you, we are happy to submit your insurance claim for you, but please be prepared to pay any co-pays or deductibles at the time of service. For your convenience we accept Mastercard and Visa in addition to cash or check.

CareCredit extended payment and 0% interest plans are also available.

Our contract is with you the patient, not your insurance company. **We are a preferred provider for Delta Dental of Iowa Premier only. We do not have a contract or agreement with any other insurance company to provide services to you and then accept their payment for these services as payment in full.** Very few insurance plans will pay the entire charge; you are responsible for the amount not covered by your insurance.

We advise you to be fully aware of the details of your particular policy. Our front desk staff will be happy to discuss payment arrangements with you and answer any questions you may have.

If you have Federal Blue Cross/Blue Shield dental insurance, the benefit check will be sent to you. You are responsible for payment and may forward the check to us if you wish.

I have read and understand the above, and agree to pay all unpaid balances for myself and persons on my account.
